The court called the complainants' ston and Mr. Scott of Kansas, which strength to the fact that that their hill still was carried on in such a low tone of voice that Mr. Hepburn was led to protest that he could not hear and that they both were out of order. Cooper Says General Sale Has Made No

Difference in Number of Callers.

In speaking Monday of his extraordinary success in New York, Cooper asid: "The majority of the people who are now calling to get my medicine have been sent here by friends. There is nothing the matter with nine out of ten people who are in poor health but stomach trouble, brought about by over-feeding and little outdoor exercise. I can prove this in a few weeks to anyone who tries Cooper's New Discovery. As soon as I have proved it and they no longer feel tired and dull and nervous, they tell their friends about it, and that beats anything I could say on the subject.

It is reported to be Representative Bishop's idea to increase the number of names on the jury list from every town and city, and to have things so that it will be impossible for any man to sit on a jury more than once in to sit on a jury more than once in three years.
